### PUBLIC WORKS DEPARTMENT, —BENGAL.

#### DISTRICT ROAD FUND.

NOTIFICATION No. 7.

*The 3rd January 1882.*

The following Annual Accounts and Abstracts of the Reports of the Road Cess Committees of Monghyr, Bhagulpore, Purneah, Maldah, and Sonthal Pergunnahs districts, of works done and in progress during the cess year 1879-80, together with the remarks thereon of the Commissioner of the Bhagulpore Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,  
*Asst. Secy. to the Govt. of Bengal, P. W. Dept.*

#### *Abstract of a Report by the Chairman of the District Road Cess Committee, Monghyr, on the Committee's operation for the cess year 1879-80.*

The Cess Act has worked well; nearly the whole of the cess demand for the year was realized, as well as the greater part of the outstanding balance of the previous year.

Some of the members of the District Committee, who live at a distance from Monghyr, did not attend a single committee meeting; on every occasion, however, there was a sufficient number of members present to form a quorum. The attendance at meetings of the Branch Committee was not satisfactory.

Three or four of the large schemes could not be taken in hand as the necessary revision of the estimates could not be effected, owing to frequent changes in the engineering staff. A considerable sum was expended on village roads in all parts of the district with much advantage, and several of the planters and zemindars in the Begusarai sub-division afforded much help in looking after the roads. Tree-planting was not extensively carried out during the year: nearly Rs. 1,000 were spent, however, in maintaining the young trees which had been planted, and in replacing those which had died. Generally speaking, the roads in this district have avenues already in various stages of growth.

The condition of the roads is generally fair: many roads are exceptionally good, and some require extensive repairs.

The Committee's establishments have generally discharged their duties satisfactorily.

MORCHYD,

The 29th December 1880.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Bhagulpore, on the Committee's operations for the cess year 1879-80.*

This body of the cess-payers understand the objects of the cess and are satisfied. The payments have been almost as regular as those of the land revenue. The attendance at the meetings of the District Committee was fair, and the Branch Committee at Banka, Mudchpurah, and Soopole worked remarkably well. The Sudder Branch Committee was established late in the year, and their attention was taken up in devising works for the future.

Very little progress was made in original works, as the estimates were sanctioned late in the year: in some instances the contractors failed to carry out works. Nearly the whole of the allotments for village roads in Mudchpurah and Soopole were spent, whilst in Banka the expenditure exceeded the grant. Six new village roads were opened out in the Mudchpurah sub-division, and eleven in Soopole. Fruit-trees were planted on the sides of four roads in the Sudder sub-division, as well as on the sides of the roads at the head-quarter stations of Soopole and Mudchpurah, and four nursery gardens were established during the year. This is the first year, however, in which arboriculture received attention.

The condition of the roads has been much improved, and the bulk of the roads are now in drivable order.

Changes were effected in the Engineering establishment under the Committee. It is yet too early to give any decided opinion of the result, but that from the short experience already had, the Committee have reason to congratulate themselves on the changes.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Purneah, on the Committee's operations for the cess year 1879-80.*

---

The Chairman states that he has nothing to add to his remark of the previous year in regard to the road cess, viz. that it is not absolutely unpopular. The cess was paid in with punctuality.

The District Committee worked satisfactorily, and the average attendance at the meetings was, on the whole, fair. The Branch Committees at Arrareah and Kishoregunge did not prove as useful as might be desired, owing to the frequent changes of Sub-divisional Officers.

All the important roads in the district have improved, but some of the second and third class roads have deteriorated for want of repairs for the last two years, and measures are being taken to put all the existing roads in fair order. Advances were made for expenditure on village roads in the Sudder and Arrareah sub-divisions, but the parties to whom the advances were made refunded considerable sums after doing little or nothing. The allotment of Rs. 8,000 to the Kishoregunge Branch Committee was nearly all spent in partial repairs to the existing village roads and bridges. Seven nursery gardens were established during the year, and trees have been planted on the sides of four roads. The different establishments under the Committee are reported on favourably.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Maldah, on the Committee's operations for the cess year 1879-80.*

THE District Committee held five meetings, and some of the members have given much assistance in supervising the repairs of roads in their neighbourhood. The damages done to the roads, bridges, and culverts, by the inundation of August 1879, were thoroughly repaired, and the roads have been much improved. Residents who can be relied on for carrying out the repairs of village roads in their neighbourhood were invited to apply for grants, and the applications consequently were more frequent than hitherto. Trees (mangoes) have been planted on portions of two roads.

The works establishment under the Committee discharged their duties satisfactorily.

MALDAH,  
The 15th December 1881.

**R. PORCH,**  
**Chairman.**

*Abstract of a report by the Deputy Commissioner of the Sonthal Pergunnahs, on the operations for the cess year 1879-80.*

THE Cess Act is not in force in this district; the income of the district is made up of an annual grant-in-aid from Government amounting to Rs. 25,000, with a local income mainly derived from the road fund of Government estates and the annual rent of road side lands and trees. The funds are administered by the Deputy Commissioner.

Several of the roads are reported to have been much improved; roads Nos. 11, 17, and 18, however, which run through the Government Estate, Daminkoh, could not be properly maintained for want of funds. There are only four village roads in this district, and they were properly maintained and repaired. Fruit trees have been extensively planted in the head-quarters sub-division on the sides of three roads, as well as on the Dumka station roads; but very little was done in this direction in the Deoghur, Godda, and Rajmehal sub-divisions; arrangements have been made to give the matter increased attention in future.

The Deputy-Commissioner reports, that he was satisfied with the manner in which the establishment under him worked.

W. M. SMITH,  
For Deputy Commissioner.

No. 7794W, dated Bhagulpore, the 25th March 1881.

From—G. N. BARLOW, Esq., C.S.I., Commissioner of the Bhagulpore Division and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal, Public Works Department.

THE annual accounts and reports on the administration of the District Road Committees of this division, including the Sonthal Pergunnahs, for the cess year 1879-80, were forwarded to Government with this office letters Nos. 676PW, and 715PW, dated the 1st and 23rd ultimo respectively, I have now the honor to submit the following brief remarks thereon.

2. *Road Cess Act.*—The Road Cess Act seems to have worked well in all the districts where it is in force, and I have nothing to add to what has been said in previous year's reports on this subject. The collections made during the year were fair, and reached the fixed standard.

3. *Working of District and Branch Road Committees.*—All District Road Committees worked satisfactorily during the year. The Branch Committees also appear to have generally done good work.

In Arrerea only, in the district of Purneah, the Branch Committee do not appear to have taken much interest in their roads. I am in correspondence with the Chairman on the subject, and hope to put matters to right.

In Bhagulpore a Branch Committee was formed for the saddar sub-division, only four months before the expiry of the year.

4. In the Sonthal Pergunnahs, where the Deputy Commissioner exercises the powers of the Committee, the road work was also satisfactorily conducted.

5. The estimated and the actual receipts of the year compared with the receipts of the two previous years are given below.

The expenditure incurred on account of original works as compared with the Budget Estimate does not exhibit a satisfactory state of things. I think matters will mend now that a Divisional Superintendent has been appointed to this division.

9. The estimated and actual outlay on account of village roads is exhibited in the accompanying Statement 3.

The total expenditure under this head was Rs 53,063, against a grant of Rs. 48,528 made originally in the Budget Estimates. These grants were raised by supplementary grants by transfer from other heads.

10. The expenditure shown under the head of village roads against the several sub-divisions of the district of Bhagalpore includes the expenditure incurred by the Branch Committees on account of certain fourth class district Roads. The amounts actually expended in that district under the head "Village Roads" are given below:—

	Rs.
Head-quarters sub-division	3,266
Sooopole	2,777
Mudchpoorah	3,819
Banks	1,619
Total	11,511

11. It will not be out of place here to bring to the notice of Government the instructions which were issued by me during the year on the question of village roads.

More attention should be paid to the construction and maintenance of short village roads, joining rural villages to district roads and to important places, such as hāts, bazars, thanas, kutcherias, pounds, and post-offices. Not of course that expensive new roads should be made where there is no fund for the maintenance of existing ones, but I refer to small expenditure, which goes a long way to improve existing roads, and which is greatly valued by the people.

"I suggest and press upon you to place a sum of rupees one thousand (Rs. 1,000), over and above what you may be able to allot to the Branch Committee for their budgetted works, at the disposal of each sub-divisional officer to be expended by him personally on suitable works during his tour, not exceeding in cost rupees one hundred (Rs. 100), for each road (see paragraph 3 of Government, Revenue Department, circular No. 32 of 27th September 1873). Such works can be reported to and approved of by the Branch Committee after completion.

"During your tour in the district you should invite applications from zamindars or other trustworthy landholders and munders for money towards the repair and construction of village roads. As a rule not more than Rs. 50 should be given for any work which benefitted only one village, and not more than Rs. 100 for any work which benefitted not less than five or six villages.

"Detailed orders are laid down in Government, Revenue Department, circular No. 32 of the 27th September 1873, mentioned above.

"The money thus advanced might be sanctioned by the Committee subsequently.

"Your real interest and co-operation is desired in carrying out this system which cannot fail to be beneficial. The slow progress made by the road cess with their heavy works makes it all the more necessary to work this other system also."

I am not aware how far they have been carried out, and am making enquiries regarding the matter.

12. *Tree planting.*—The following memorandum shows the estimated and actual outlay, under the head of planting trees:—

DISTRICT.	Estimate for 1879-80.		Actuals for 1879-80.	
	Rs.		Rs. A. P.	
Monghyr	...	...	982	15 2
Bhagalpore	...	...	3,030	13 9
Purneah	...	675	408	0 6
Maddah	...	500	273	8 3
Sonthal Pergunnahs	...	...	101	16 3

The expenditure incurred in Monghyr, Bhagalpore, and Sonthal Pergunnahs was met by transfer of allotments made under other heads. Something more or less appears to have been done everywhere. It is hoped that gradually trees will be planted on the sides of all roads.

13. I am not in a position this year to give a personal opinion upon the general condition of the roads in this division which are under the various Road Cess Committees. My tour was greatly interrupted by the Sonthal disturbances, and where I did march along the road lines it was either within the Damru along roads specially repaired for me by the Sonthals, or along the Ganges and Darjeeling road in Purneah. The Bhagalpore to Banka road via Amirpore was in a distinctly good state when I passed over it. Also the road from Mulleypore railway station to Jamuna.

14. *Working of the establishments.*—The executive establishments seem to have given satisfaction to the District Committees.

##### DISTRICT ROAD FUND.

NOTIFICATION No. 32.

The 23rd January 1882.

The following Annual Accounts and Abstracts of the Reports of the Road Cess Committees of the Dinagpore, Rajshahye, Rungpore, Bogra, Pabna, Darjeeling, and Julpigooree districts, of works done and in progress during the cess year 1879-80, together with the remarks thereon of the Commissioner of the Rajshahye and Cooch Behar Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

*Asst. Secy. to the Govt. of Bengal, P. W. Dept.*

*Abstract of a Report by the Chairman of the District Road Cess Committee, Dinagpore, on the Committee's operations for the cess year 1879-80.*

THE Cess Act has worked smoothly and the collections were satisfactory.

The members of the District Committee showed a fair amount of interest in their work.

The metalling of the Rungpore-road was considerably retarded, owing partly to the early setting in of the rains, which spoiled some kilns, and partly to the scarcity of labour on account of the prevalence of fever. With the exception of the unfinished famine roads, all the existing district roads were attended to. Village roads also received attention, and the expenditure was principally incurred through local agencies under the supervision of the police and of the District Engineer. Six thousand seven hundred and fifty-seven fruit-trees have been planted, and those planted in the previous year maintained; a nursery garden has been established, and a large number of plants are available for planting out on the roadsides.

All the different establishments under the Committee are reported to have worked well.

*Explanatory Memorandum to accompany the Annual Account for the year 1879-80.*

EXPENDITURE.

(1.) Rupees 60-5-3 have been shown as realized during the year, whereas Rs. 64-9-3 have been shown to have been expended on account of remuneration to copyists. This discrepancy is owing to payments having been made in October 1879 for copying works executed in the previous cess year.

(2.) Under this heading Rs. 5,762-7-8 have been expended in excess of the amount allotted, on account of instituting two civil suits against two contractors for short delivery of bricks, and also debiting Rs. 5,388-3-7 under this heading, the loss consequent on the then Engineer having certified completion of a contract which was not completed, and the absconding of contractor Behari Lall Bose. The last mentioned amount has been credited to the Rungpore Road Account, "Original Works."

(2a.) No expenditure was made from the allotment of Rs. 500 and Rs. 1,000 for original works on roads Nos. 12 and 41, as the Committee considered them unnecessary.

(3.) The discrepancy of Rs. 17,165 between the figures under this head of this return and that of Government Resolution, Public Works Department, No. 490A, dated 31st May 1880, is owing to the said amount having been allotted by the Committee from the surplus balance on 30th September 1879, and from the estimated probable balance on the 30th September 1880, for the undermentioned works, at their meeting of 6th November 1879, after the budget estimate for 1879-80 had been sanctioned by the Commissioner:

	Rs.
Itchamati bridge on No. 4, Dinagore to Kantla-road (Bogra-road)	8,654
Ghagra bridge and a bridge in 6th mile of No. 3, Dinagore to Kholabati-road (Rungpore-road)	8,611

(4.) The excess in expenditure over the allotment on the following roads has been charged against the savings of other roads, keeping the total allotment for repairs the same as shown in the budget estimate:

			Rs.	A.	P.
No. 2.	Dinagepore to Atwari-road	...	25	4	6
" 3.	Ditto to Kholabati-road	...	1,578	8	1
" 4.	Ditto to Kantla-road	...	8	6	9
" 5.	Ditto to Ajlabad-road	...	85	1	8
" 8.	Beerungunge towards Durwani-road	...	0	13	6
" 16.	Peerungunge to Ranisonkoil-road	...	64	5	6
" 17.	Dinagepore to Hemtabad-road	...	151	11	3
" 18.	Kiasengunge-road	...	79	7	9
" 21.	Bogra-road to Ghoraghat-road	...	178	2	0
" 23.	Thakurgaon to Peerungunge-road	...	0	6	6
" 24.	Peerungunge to Roygunge-road	...	8	14	8

(5.) No expenditure was incurred on the following roads, as they are all unfinished famine roads, and the amount allotted for their maintenance were insufficient to admit of any real work being done:—

- No. 14. Ghoraghat to Hilli-road.  
 " 30. Gangarampore to Tamboli-road.  
 " 38. Putnitollah towards Dumduma-road.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Rajshahye, on the Committee's Operations for the cess year 1879-80.*

THE Cess Act works smoothly and is not unpopular. The demand at the maximum rate, inclusive of arrears, amounting to Rs. 6,764, was Rs. 72,407, and the collections amounted to Rs. 68,549, leaving a balance of Rs. 10,622.

The attendance of the members generally at the meetings of the District Committee was not satisfactory, but those members who did attend showed a readiness to do their work. No meetings were held by the Nattore Branch Committee.

Assuming the condition of the Godagari-road and a portion of the Nattore-road, which have since been improved, to represent the general condition of roads, it is to be inferred that the state of the roads generally is decidedly bad. The entire grant for village roads was not expended for want of agencies to undertake the work; the people living at a distance from towns appreciate the benefits of village roads as facilitating traffic between the bazars and markets. No trees were planted on the road sides.

The works establishment under the Committee performed their duties efficiently, and the collection and office establishments worked fairly well.
